INTERESTED IN LEARNING MORE?

Let's chat!

Interested in skill-building opportunities for youth, becoming a mentor, or volunteering with us?

We'd love to connect! Reach out to our team to learn how you can get involved.

Please visit www.tandemmentorship.org for additional information.

At Tandem, we believe that young people should never feel alone or outcast by their community but should feel that there is always someone to confide in, visible or not.

WHO IS TANDEM?

Mission:

To restore hope by building intentional relationships.

• Connect authentically

At Tandem we are raw and real with people. We sit along side with those we serve. We meet people exactly where they are at, without judgment.

• Focus on relationships

At Tandem, relationships are the foundation of our work. We aim to build intentional connections with every person we come in contact with.

• Believe everyone has value

We believe every person is valuable, worthy of respect, and capable of growth.

• Foster restorative thinking

We empower young people to take accountability for their choices without letting those actions define them. We emphasize owning choices, understanding their impact, and when possible, making amends.

• Empower growth

We foster an environment where young people feel empowered and supported to realize their full potential and thrive, leading to personal growth and development.

WHAT DO WE DO?

We work within our community to provide skill building opportunities for young people for whom typical community supports are not working (not available, or just not enough) for them.

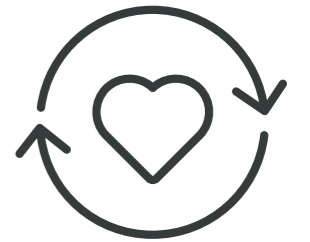

Every young person's journey is unique. We provide a variety of skill building opportunities that help the young person grow according to their needs.

SKILL BUILDING OPPORTUNITIES

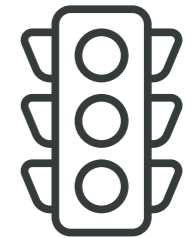

Accountability Meetings

Restorative Panels

Support Groups

Traffic Violation Panels

Victim/Offender Dialogue

Treehouse Tuesdays
